

Online Masterclass with Dr Jonathan Hardy
'Heaviness, Collapse and Disintegration:
Plutonium, Positronium and Related Remedies'
Saturday 26 June 2021, 10 - 4.30 pm

In this webinar we will see a number of cases of **Positronium**, **Plutonium** and related remedies including **Radium bromatum**, **Uranium nitricum** and **Helium**. We will study the themes of Row 7 and of Row 1. Row 7 has the feeling of such heavy responsibility that there is a feeling of needing to be superhuman or to divide oneself into multiple personalities in order to cope. In the extreme there is a sensation of disintegration and decay. There can be an intense desire to let go of the heavy pressure and burden. Positronium - antimatter - is a remarkable remedy with a distinct feeling of extreme weight, heaviness and collapse. The cases we will see demonstrate the remarkable sensation of stone-like heaviness, compression and division into two parts. Helium, being in Row 1 has a reluctance to even begin the process of incarnation. Nevertheless we will see cases showing it can also be a remedy for people with heavy responsibility. Their coping mechanism is a different kind of withdrawal.

About Dr Jonathan Hardy

Jonathan has been in full-time practice as a Homeopathic doctor since 1986. He is a Fellow of the Faculty of Homeopathy and serves as the Independent Practitioners' Representative on the Faculty Council. He is the Wessex Regional Tutor for the Faculty of Homeopathy, organizing postgraduate training in Homeopathy for doctors in the region. Jonathan is asked to give seminars on various aspects of Homeopathic practice throughout the UK and Europe. He is particularly interested in using the new methods of kingdom and family analysis and sensation material in combination with the established use of repertory, provings and materia medica. This integrated approach can lead to greater confidence and accuracy in prescribing.
